## F. PROPOSED CURRICULUM AND TEACHING LOAD

This section provides data on the proposed curriculum and teaching load for the next two school years. Specific instructions for completing each column follow:

- Column 1** List the name of each teacher who will be assigned teaching responsibilities in grades 7-9 or 7-10 on the numbered lines.
- Column 2** List each class for each teacher which is included in the proposed teaching load. Include all elementary classes, as well as the proposed secondary classes.
- Column 3** Place a "Y" or "N" after each secondary subject to indicate whether the teacher has an endorsement on the denominational teaching certificate for that subject. (Note: An elementary endorsement on a teaching certificate is valid in grades 1-8 in a self-contained classroom. A secondary subject endorsement is valid for that subject in grades 7 and 8 in the departmentalized program.)
- Column 4** Indicate the grade or grades that will be enrolled in each class.
- Column 5** State the projected enrollment for each secondary class.
- Column 6** Indicate the length of the proposed secondary class; i.e. one semester or two semesters.
- Column 7** Give the credit which is to be granted for the proposed secondary course. (See the *Pacific Union Education Code 2250*.)
- Column 8** Give the number of minutes per week that the proposed secondary class will be in session. (See the *Pacific Union Education Code 2406*.)
- Column 9** Fill in the blanks at the top of the column to show the dates for the next two school years.  
  
Place an "X" under the school year(s) in which the class will be taught. (Example: If the class will be taught on alternating years, place an "X" in the column for the school year in which it is to be taught.)
