Patrick Lencioni

-Fable story of a company leader attempting to develop a “culture” in the company by hiring the “right” people.

Three Essential Virtues –

- b. Hungry – People who never have to be pushed to work harder because they are already self-motivated and diligent
- c. Smart – NOT intellectual capacity, but a common sense about people

Rank the above Virtues in the order you think are most important to least important.

How would you go about finding a person who fits those virtues?

What interview questions would you ask for each virtue?
