2018 Updates**

Curriculum

CREATION

Kids | Early Childhood Education Curriculum

The North American Division has teamed up with Florida Hospital to create Early Childhood Education Curriculum for the SDA preschools that is in line with SDA beliefs and values.

COMING Soon

Infant/Toddler/Two's Curriculum

The curriculum will be written in a different format as the preschool/Pre-K curriculum. The teachers will be able to print out the curriculum and store in book form. The curriculum will follow the CREATION Health principles by introducing them through age appropriate activities.

The CREATION Kids curriculum is the official curriculum for the SDA early childhood programs in the North American Division and the PUC is offering a \$100 grant for those who purchase a curriculum for their ECEC program.

For more information about the Curriculum Grant call: 1-805-413-7342

California Legislative Bills to Watch
