B1.4 Homeschool and Independent Study Programs

• Continuation, alternative and independent study schools, including those that offer a home-study program, eligible for accreditation if part of WASC process. (See details)

• Same for private schools and charter schools if meet all WASC criteria and local state or national requirements.

• Schools must provide oversight for curriculum and delivery of instruction by a credentialed and qualified teacher, including grades, transcripts and analysis of assessment results.

• Private School Satellite programs (PSPs) eligible if directly connected with a WASC accredited school with same expectations as noted above

• Individual homeschools where students are taught by parents at home are not eligible for WASC accreditation (See bylaw for additional details.)

Scenario: During your pre-work with the school leadership, coordinator, teachers and other certified staff, it becomes clear that WASC is viewed as a requirement—a check-off activity.

What are approaches and conversations that can move the school into a deeper understanding of WASC as the framework for continuous improvement focusing on student learning and aspirational goals?

ACS WASC Guiding Principles empowers schools to:

* Ensure a culture of total involvement and collaboration of all stakeholders

* Ensure a culture that supports the well-being of all students

* Demonstrate through it program evidence that vision, mission, and schoolwide learner outcomes are accomplished by students

* Evaluate achievement of all students on academic standards/schoolwide learner outcomes

* Use multiple ways to analyze data

* Evaluate program effectiveness

* Align current prioritized findings to a schoolwide action plan focusing on student achievement

* Implement and monitor continuous improvement and impact on student learning

Students will be: INNOVATIVE THINKERS

• Build on the ideas, explanations, and reasons of others
• Summarize, analyze, interpret, and evaluate information
• Define problem and use problem-solving strategies appropriate to the context
• Create original work
• Use technology to create products of high quality
Sample Schoolwide Learner Outcome

College, Career, and Life Skill Oriented Students who:

- Take initiative and work independently
- Follow through with plans and goals
- Handle praise, feedback, and criticism well
- Are organized
- Are productive and accountable
- Are self-directed and don’t give up.

GAPS for Some
Critical or Major Student Learner Needs linked to Schoolwide Learner Outcomes

Approximately 40% of our 9th grade students are unprepared for Algebra.

Students’ academic writing generally is weak.

EL students have limited academic vocabulary in English.

Students’ motivation and/or interest.
Critical Student Learner Needs

Focus on the student rather than

- Activities – adult or student-based measures

For example:

- adopting and maintaining a schoolwide data collection process is not a student learner need but an activity
- nor parent/community involvement
- or chronic absenteeism
What if the school thinks that graduation rate is a major student learner need? How do you help them see that graduation rate is dependent upon what gaps in learning, i.e., reading?

What if the school thinks that creating a more intentional Professional Development Plan is a major student learner need?

What if the school thinks that parent/community involvement is a major student learner need?

D2. Using Assessment to Monitor and Modify Learning in the Classroom Criterion

Indicator: Student Feedback

Student feedback is an important part of monitoring student and classroom progress over time based on the academic standards, the college-and career-readiness standards, and the schoolwide learner outcomes. Interview and dialogue with representative students inform the degree to which learning experiences are understood and relevant in preparing students for college, career, and life. (See next slide.)
D2. Indicator: Student Feedback cont.

According to the self-study, students participate in the School Coordinating Council meetings and in focus groups with teachers and administrators. ASB members also lead feedback sessions with other students. This was corroborated during the visit in conversations with a good cross-section of students. The VC observed teachers eliciting student feedback on their learning during lessons through visual checks, thumbs up checks, all call responses and exit slips. Student surveys also provide school leaders student feedback. These surveys are aligned to the schoolwide learner outcomes.
C2. Instruction
Student Understanding of Learning Expectations

The visiting committee observed teachers communicating expectations and standards for many courses. Many teachers used rubrics to assist students in understanding their expectations. Most classroom expectations and objectives are communicated in classrooms. Some classes had essential learning questions or daily objectives posted and/or communicated to their class. Regardless, almost all students know what their learning goals are for the day and how it connects to the standard.
Do NOT Copy from the Self-Study: Complete an analytical summary from gathered evidence and self-study

English Learners and many of our Special Education students are integrated into our General Education courses, to provide further opportunities for rigor, enhanced learning and socialization with their peer group.
Ensure Consistency in the report between Categories.

*Example:*

Under Instruction all seems to be fine with emphasis on use of best practices such as Thinking Maps and AVID strategies in all core areas.

However, under Assessment are statements that the math department is lacking in assessment and uniform strategies and strong instruction in most classrooms.

How do you ensure consistency in the VC report based on accurate evidence?
VC Report: Critical Areas for Follow-up **CLARITY**

Prepare a table for the strengths and one for the key issues from all the criteria categories.

This will assist the VC Committee in forming the concrete and specific critical areas for follow-up.

VC Report—Chapter IV or (IV B)

- Schoolwide strengths
- Schoolwide critical areas for follow-up
  - Support identified areas
  - Strengthen identified areas
  - Address additional areas
VC Schoolwide Strengths

Who?  What?  Why?

What would like to see your own school’s report in relation to clarity and specificity—understanding by All?
What type of strengths would you want to be in a report for your school?

• Administration-led professional development and team building has increased feelings of respect and connectedness among the staff, both classified and certificated.

• The school has a strong and appropriate vision/mission to which it very intentionally aligns its schoolwide learner outcomes, LCAP, and messaging and to which all stakeholders share a strong commitment.

• The school provides a well-maintained and welcoming campus that provides a sense of pride for the community.

• Rigorous, focused and engaging instruction that ...

• There is an established culture of academic success and rigor that ...

• The students are actively involved in the community that ....
VC Schoolwide Critical Areas for Follow-Up

Support those areas already identified by the school in the Action Plan sections

Strengthen those identified areas in the Action Plan sections

Address additional areas identified by the Visiting Committee
Evaluate: “Who, What and Why”?

Visiting Committee concurs:

• The school leadership and teachers will build coherence within the school by horizontal alignment expectations by grade, vertical alignment of practices and expectations by discipline, and create site-specific norms, practices, and expectations for instruction.

In addition, the VC ...

• The school leadership and teachers develop and implement a professional development and coaching process that addresses the major student learner needs and correlated staff needs in order to strengthen student achievement. Areas to be addressed include...(list such as critical thinking skills, expository writing)
What type of Critical Areas for Follow-up would you want to be in a report for your school?

Are the Critical Areas for Follow-up aligned to the key issues from each category?

In the samples below, what could be improved based on “Who, What and Why”?

- Accountability for student learning/mastery
- Develop a systematic plan and approach to increase AP placement for all subgroups.
- Addressing major student learner needs through a variety of data driven processes

What accreditation status best supports the school’s improvement needs?
Accreditation Status Factors:
Alignment of Ratings and Comments — reflecting VC Findings based on Criteria

- Highly effective
- Effective
- Somewhat effective
- Ineffective
Accreditation Status Factors: VC Recommendation and Commission Action

To what extent is the school demonstrating quality student achievement/improvement?

1. Meeting the ACS WASC international criteria and indicators
2. Clear globally minded purpose and schoolwide learner outcomes
3. Quality processes to analyze student achievement
4. Action plan aligned to areas of greatest need
5. Capacity to implement/monitor action plan
6. Use of prior accreditation findings
7. Involvement and collaboration of all
Standards-based Student Learning Instruction: Student Engagement that supports high achievement for all students (C2)

- Visiting Committee Rating: Somewhat Effective
- Narrative Rationale: The visiting committee did not observe a high rate of student-centered, technology driven, or hands-on types of instruction. Most of the teaching happening in the classrooms that was observed during the visit was very traditional, lecture style teaching. Traditionally underrepresented minorities, ELs and Special Education students are particularly struggling to achieve.
Standards-based Student Learning: Assessment and Accountability: Using Assessment to Analyze and Report Student Progress that supports high achievement for all students. (D1)

Visiting Committee Rating: Highly Effective Effective Somewhat Effective Ineffective

Narrative Rationale: There are needs within the math classes/testing performance. Attention from faculty could benefit from the same level of commitment paid to ELA goals. (needs more elaboration)
The mission, vision and learner outcomes are clearly identified and related to the district’s overarching belief that all students can learn and will be prepared for postsecondary options. The entire staff collaborated to develop a mission statement that reflected a core belief in the school that all students can achieve at high levels: Through collaboration, the school will prepare every student to be prepared for college, career and postsecondary goals. The core of the school’s vision and mission is preparing students to transition to a complex world where education beyond high school is essential for being active participants in their communities.

The school ensures that students, parents, and other members of the school’s community understand and are committed to the school’s vision, mission, and schoolwide learner outcomes.
Practice: VC Report for A1 School Purpose

• Outreach includes input from community forums, site council, parents' club and booster meetings, and ELAC meetings. The mission is regularly communicated to parents and the community via the school website.

• Students, parents, and other members of the school and business community demonstrate understanding of and commitment to the vision, mission, the schoolwide learner outcomes, and the district LCAP. As noted in the self-study, staff, parents, and students were able to identify significant work completed in many departments to align assignments in classes with desired student outcomes, yet more work needs to be accomplished to create a clearer correlation between daily work across the curriculum and the learner outcomes and long-term goals for student success.
Practice: Complete Aligned Doc/Just to VC Report for A1

A1. Vision and Purpose Criterion

• To what extent a) does the school have a clearly stated vision and mission (purpose) based on its student needs, current educational research, the district Local Control and Accountability Plan (LCAP), and the belief that all students can achieve at high academic levels?

• To what extent is the school's purpose, supported by the governing board and the district LCAP, further defined by schoolwide learner outcomes and the academic standards?

Visiting Committee Rating: Highly Effective  Effective  Somewhat Effective  Ineffective  (Determine an aligned rating to VC Report)

Narrative Rationale: (Write an aligned narrative to the rating.)

Alignment

Status Rationale based on Findings of VC Report – Concrete, Specific Comments for each Accreditation Factor
• Status options seriously considered
• Cite the reasons for the status recommended
• Provide compelling evidence that supports the VC recommendation
  • VC discussions and process
  • Degree to which students are learning
  • Strengths and growth needs of school
  • Capacity of school to implement and monitor action plan
Accreditation Status

• Six-Year Accreditation Status
  Progress report at mid-cycle
  Progress Report and one-day visit at mid-cycle
  Progress Report and two-day visit at mid-cycle

• One-or-Two-Year Probationary Status with an in-depth progress report and a two-day visit

• Accreditation Status Withheld

• Chair makes sure that the school receives a copy of the final visiting committee report two weeks after visit

• Chair understands that school already invoiced for any type of revisit or mid-cycle visit

• School and chair are notified 2-3 weeks following Commission action
Mid-cycle Status Options

The Visiting Committee’s recommendation (select one of the following):

- Accreditation Reaffirmed
- Accreditation Reaffirmed with a Required Progress Report Due in One Year
- Accreditation Reaffirmed with a Required Progress Report and One-Day Special Progress Visit in One Year
- Probationary Accreditation with an In-depth Progress Report and Two-Day Visit in One Year
- Accreditation Status Withheld
Probationary Accreditation Options

The Visiting Committee’s recommendation (select one of the following):

- Accreditation Reaffirmed with a Required Progress Report and Two-Day Visit in Two Years
- Probationary Accreditation Extended with a Required In-depth Progress Report and Two-Day Visit in One Year
- Accreditation Status Withheld

Justification Statement:
Comment upon the factors which led to your recommendation. Reference the progress made on critical areas for follow-up and the schoolwide action plan. Based on the WASC criteria, note any additional areas that the school also needs to address.
